

# 2021 MARCH 18<sup>th</sup>

## 9<sup>th</sup> TRANSLATIONAL RESEARCH MEETING ON PERIPHERAL NEUROPATHIES

Coordination : L. MAGY, J. DEVAUX, N. TRICAUD & J.M. VALLAT

## DYSIMMUNES NEUROPATHIES : AN UPDATE

CHU Dupuytren - Limoges

### Organisation :

National Reference Center NNet « Rare Peripheral Neuropathies »

<http://www.chu-limoges.fr/neuropathieslim>

Tél : (33) 5.55.05.86.74 / [crm.n@chu-limoges.fr](mailto:crm.n@chu-limoges.fr)

Association pour l'Encouragement à la Recherche  
et à l'Enseignement des Sciences Neurologiques – Limoges

Inscription gratuite mais **obligatoire** : [crm.n@chu-limoges.fr](mailto:crm.n@chu-limoges.fr)

# PROGRAMME

9h00 **INTRODUCTION**

9h05 Dysimmune neuropathies

*L. Magy, Limoges*

9h35 Anti-ganglioside antibodies in peripheral nerve pathology: an update

*H.J. Willison, Glasgow*

10h05 Is antibody bivalency important for pathogenesis?

*J. Devaux, Montpellier*

**10h35 Coffee break**

11h00 Mechanisms of action of IVIg

*S. Kaveri, Paris*

11h30 Complement membrane attack complex: new roles, mechanisms of action, and therapeutic targets

*E. Delmont, Marseille*

12h00 **ROUND TABLE**

**12h30 Lunch**

14h00 Dysimmune sensory neuronopathies

*J.P. Camdessanché, Saint-Etienne*

14h30 Anti-cancer immunotherapies and peripheral nerve toxicity

*D. Psimaras, Paris*

15h00 Mechanisms of novel anti-cancer immunotherapies

*L. Querol, Barcelone*

15h30 Mechanisms of paraneoplastic neurological syndromes

*J. Honnorat, Lyon*

16h00 **CONCLUSION**
