

Due to the lockdown situation because of the COVID19 issue, some of you may have to go through a situation of vulnerability, regarding your material resources, your mood, etc.

The University of Limoges pays a lot of attention to this kind of situations and wants to let you know what has been established regarding this situation:

**-For any material difficulty:**

The CROUS and the University of Limoges want to appease the students who have a scholarship on social criteria: the scholarship will be paid, without any delay by the CROUS.

Furthermore, financial and material contributions due to the situation can be provided by the CROUS for any students in a vulnerable situation due to the lockdown.

**- For any social difficulty:**

The interviews with the social workers of the CROUS will be **on the phone only** and you have to take an appointment online through the dedicated website : <https://mesrdv.etudiant.gouv.fr/fr>.

**- For your health:**

The medical health center of the university remains open to the students.

Medical consultations upon request with the doctors, nurses still take place.

The time slots are the same than before: between 8AM and noon and between 1PM and 5PM. (front desk contact: **05.55.43.57.70.**)

For gynaecological issues, the appointment for non-emergency situations are postponed.

Psychiatric emergencies will take place at the general hospital (CHU).

We wanted to remind to each one of you who want to get involved and help people around them during the lockdown (friends, colleagues, neighbours, etc.) that the French government has opened a « civil reserve » to everyone who wants to help in one of the fourth items below :

- Emergency food aid
- Exceptional childcare
- Support to people in vulnerable situations
- Near at hand solidarity
