FINEST

Financial Intermediation Network of European Studies

The Financial Intermediation Network of European Studies (FINEST) acts as a research and discussion forum for Banking and Financial Intermediation researchers and practitioners throughout Europe. FINEST operates as an open research network facilitating research and other analytical synergies among academic staff involved in various European Universities as well as policymakers and financial sector practitioners.

The FINEST is a private non-profit association (network) of researchers from various universities, central banks, financial authorities, other research institutes and practitioners who are interested in exploring all aspects of banking and finance. The FINEST is currently hosted by the University of Rome III, Italy.

All those that wish to cooperate with FINEST activities can join the Network. Membership can be asked by individual researchers from universities, central banks, financial authorities, other research institutes and practitioners who are interested in exploring all aspects of banking and finance.

Activities

1. Working papers. The working paper series gives the possibility to share the research effort among all interested researchers dealing with banking and Financial Intermediation issues. At the same time, working papers will be highly viewed in the academic environment. Working papers will be reviewed following a double-blind review system.
2. Research Projects. FINEST promotes research groups, surveys and observatories on specific complex areas of Banking and Financial Intermediation in Europe with the aim to originally contribute to international research on these issues.
3. Conferences. FINEST organizes periodical (e.g. annual or bi-annual) conferences on a specific Banking and Financial Intermediation issue.
4. Workshops. FINEST promotes workshops to present high quality papers providing authors with a deep and open discussion before the paper submission to top academic journals.
5. Summer schools. FINEST organizes short summer courses on issues related to banking and financial intermediation in Europe for undergraduate and postgraduate students in accounting, economics, finance and management.
